Online Registration FAQ’s

What is CampDoc?
CampDoc.com is a leading, electronic, easy-to-use web-based solution for camp management, online camp registration, health form management, medications/allergies and health logging for camp throughout the summer. This will decrease the time and energy spent during initial camper check-in, reduce risk and liability, and help keep safety in the forefront of camp operations.

How do I register for Camp?
Go to www.worcesterjcc.org and click on “Register for Summer Camp” which brings you to the CampDoc page. Create a username and password and log-in. A one time fee of $15 per child is required to process the registration. You will then be able to continue the registration process quickly and easily!

How do I pay for Camp?
CampDoc will take payments for your deposits ($75 per camp week) and create a payment plan for you from the online portal.

Can I go back into CampDoc and see what I registered for?
Once you create an account, all your information will be saved and useable for future registrations. No need to re-fill out important paperwork. You can log in anytime to review your registrations.

Why did the JCC make this change in?
This process will help reduce our impact and footprint on the planet with online registration and less paper waste. The CampDoc software will allow us to be more efficient in order for us to provide an even better camp experience. We look forward to this new process!

JCC Charitable Contributions The JCC places great importance in the work of social justice. As such, over the course of the camp summer, we hold a canned goods drive, an animal supply/food drive, a toiletries for the homeless drive and penny wars for charitable donations. Senior campers and CITs actively assist in organizing these drives, and sorting and delivering the collected items to local shelters and programs that serve our neighbors. They enjoy it and learn so much in the process of these acts of kindness, community and giving.

Art Around the World
Calling All Campers
ART TENT
Our art specialist will inspire children’s imagination and self-expression with hands-on, open-ended arts and crafts in our outdoor Art Tent. They will explore various art and crafts activities, including: painting, collages and more.

GAGA
GaGa Ball is a fun game that our Preschool 5’s enjoy playing. The goal of the game is to avoid being hit below the knees as other players knock the ball toward you. This game promotes the development of hand-eye coordination and critical thinking skills.

KID FIT
All campers will enjoy getting outside with their counselors to play a variety of sports and games for young children! Through playing energetic games outdoors, we will strengthen our athletic skills, practice teamwork and of course, have fun!

MORNING RALLY
Every morning during camp, all preschool campers will come together as a community to sing and dance at our fun Morning Rally! The children will quickly learn these silly, catchy songs and dance moves!

MUSIC AND MOVEMENT
Join our music specialist for fun and unique music classes! These weekly classes offer a chance for children to express themselves through creative movement, playing instruments, and singing along to new or familiar songs. Music is monumental to the verbal and social development of young children.

NATURE EXPLORERS
Children will deepen their connection to the natural world with walks to the pond, following trails through the woods and hands-on activities. They will get messy as they learn about the outdoors and have fun in their surroundings with our nature specialist.

RED CROSS PROGRESSIVE SWIM LESSONS
We love hot, sunny days in the summer, but it’s important to jump in the pool and cool down! Preschool 4’s and 5’s will receive safe, fun and stimulating swim lessons from certified American Red Cross Swim Instructors every day at camp. Preschool 5’s will have an additional “free swim” period in the afternoons! Certified lifeguards are always on duty at the indoor and outdoor pools.

WALL CLIMBING
Preschool 5’s will reach new heights in their climbing skills as they scale the JCC’s certified climbing wall! Our trained staff provides instruction and proper use of safety equipment.

WATER ACCLIMATION
Preschool 3’s will enjoy our outdoor wading pool with their teachers and a certified lifeguard. The wading pool (2 ft. deep) allows toddlers to wade, splash and play in a safe environment. This promotes a positive association with swimming and water safety!
ART AROUND THE WORLD
Weeks 1-8 Tuesdays, $10/class
All young artists will love this unique art class, offering an opportunity to explore and recreate works of art from all around the world! Join local artist and MassArt Animation student, Delaney Parke, as she promotes creativity, self-expression and age-appropriate artistic skills. The children will become exposed to a wide variety of artists from around the world and the unique mediums or techniques that each artist used; such as Frida Kahlo’s self-portraits or Claude Monet’s impressionism. Young artists will get their hands messy, build confidence and bring home new, exciting works of art!

SEEDS OF S.T.E.M.
Weeks 6 & 7, M/W/F, $45/week
This class will give the children a unique opportunity to ask questions, solve problems, build, create and explore complex concepts. The children will be excited to discover what their minds are capable of!

MULTICULTURAL COOKING
Weeks 1-8, Thursdays, $10/class
Our certified preschool teachers will take young chefs on a cooking adventure around the world. Each week, this cooking class will embrace a new culture through reading a story, looking at pictures, finding the country on our globe, and finally, through preparing a special food from each country. Our teachers will offer a hands-on, rewarding experience, where everyone measures, chops, mixes and of course, eats each cultural treat!

CALLING ALL CAMPERS - FIVE YEAR OLDS ONLY
Week 8, Monday-Friday: $50/week
Finish off the last week of summer camp by enjoying an outdoor experience, complete with tents and a pretend camp-out. Our certified preschool teacher, Hilary Peak, will use her enthusiasm about the outdoors to get young campers engaged in following trails, making s’mores, looking up at the clouds and sharing observations about the outdoors all week long. The children will also learn important lessons about local wild life, staying safe outdoors and respecting our environment.

New Preschool Electives for 4’s & 5’s

Electives vary from 30-45 minutes between 1—2pm
Dear Camp Families,

Massachusetts State Law requires that medical forms are submitted for all campers prior to their participation in summer camp. It is IMPERATIVE that families adhere to this law for the health and safety of all campers.

If we do not have the forms prior to the first day of camp we CANNOT ALLOW the child to join the JCC Camp until the form has been received. This policy will be strictly enforced.

Thank you for your cooperation.

We are responsible for the safety and well-being of all campers and cannot allow one child to jeopardize that. Please call to discuss your child’s particular needs.
